Instructions To Bidders And Statutory Requirements

Article 1 – Introduction And General Information
1-1. The Township of Lakewood, 231 Third Street, Lakewood, Ocean County, New Jersey 08701 invites sealed bids pursuant to the Notice to Bidders. All bidders and interested parties are welcome to attend. Be advised that no determination of award will be made at the bid opening.

1-2. The Township of Lakewood is hereinafter referred to as the “Township”, The State of New Jersey as the “State” and the County of Ocean as the “County”.

1-3. The front part of this Bid Specification is commonly known as the Boilerplate and contains the instructions to bidders and statutory requirements for all bids. The back part of this Bid Specification contains the Detailed Specification and Bid Proposal Sheet written specifically for this bid. Bidders are required to read and comply with both sections. The Detailed Specifications shall take precedents over conflicting requirements stated within the boilerplate, but shall not take precedents over any Addendums issued.

1-4. All bidders will receive:
   a. the complete Bid Package that will include the Bid Specification and any unattached documents such as drawings, prevailing wage documents samples when necessary and all other documents and materials that can be supplied by the Township. This package shall be completed and retained by the bidder for reference.

   b. the Bid Submittal Package to be completed and returned. It contains copies of the required forms found in the Bid Specification: the Detailed Specifications for quick and easy reference during bid preparation; the Exception to Bid Specification Sheet and the Bid Proposal Sheet. These documents need to be completed properly and in their entirety. Failure to do so may subject your bid to immediate rejection.

1-5. The Bid Proposal Sheet must be completed as instructed in the Detailed Specifications. Unless specifically stated otherwise, this is the only form acceptable. Computer printouts or proposals submitted in a manner not specified will be immediately rejected. Bid Proposal Sheets submitted without an original signature will be immediately rejected.

1-6. For your bid to be considered a formal bid, you may be required to submit additional documents not contained in the Submittal Package such as a Bid Bond, Consent of Surety, a copy of your Public Works Contractor Registration and copies of trade licenses or certifications. Any additional forms required will
be stated on the Bidders Checklist, in the Boilerplate and/or in the Detailed Specifications. Bidders are instructed to make a close and careful review of the "DOCUMENT SUBMISSION CHECK LIST" page 4.

1-7. Additionally there may be other documents required after the formal award of the bid such as Insurance Certificates and Affirmative Action Forms.

1-8. Under advisement of the Department of Community Affairs, Division of Local Government Services and the opinion of the Township Attorney, the Township does not give out the names of the bidders or the estimated cost of any project currently being bid, that has not yet been formally opened and read.

1-9. There is no refund for any fees charged for these specifications if the Township awards a contract. If no award is made the bidder may, with the return of the original bid documents in reasonably good condition, receive the specifications for a rebid free of charge. There is no refund if the bidder chooses not to rebid. If there is no re-bid, the bidder is entitled to a refund with the return of the specifications in reasonably good condition within 90 days of formal council action and in accordance with Township practices.

Bids may be hand delivered or mailed; however, the Township disclaims any responsibility for bids forwarded by regular or overnight mail. If the bid is sent by express mail service, the designation in subsection 2-3 above must also appear on the outside of the express mail envelope. Bids received after the designated time and date will be returned unopened. Even with a delivery service, it is strongly recommended that the
bidder call the Township Clerk's office well in advance of the opening to ensure that the bid is in their possession.

2-5. Sealed bids forwarded to the Township before the time of opening of bids may be withdrawn upon written application of the bidder who shall be required to produce evidence showing that the individual is or represents the principal or principals involved in the bid. Once bids have been opened, they shall remain firm for a period of sixty (60) calendar days.

c) N.J.S.A. 2C:27-11. provides that a bidder commits a crime if said person, directly or indirectly, confers or agrees to confer any benefit not allowed by law to a public servant.

The right is reserved to decrease or increase the quantities specified in the specifications pursuant to N.J.A.C. 5:30-11.2 and 11.10. No minimum purchase by quantity or dollar amount, either by individual order or total contract value is expressed, implied or guaranteed.

**Article 4 - Brand Names, Standards Of Quality And Performance**

4-1. Brand names and/or descriptions used in these specifications are to acquaint bidders with the types of goods and services desired and will be used as a standard by which goods and services offered as equivalent will be evaluated.

4-2. Variations between the goods and services described and the goods and services offered are to be fully identified and described by the bidder on a separate sheet and submitted with the bid proposal form. Vendor literature WILL NOT suffice in explaining exceptions to these specifications. In the absence of any exceptions by the bidder, it will be presumed and required that the goods and services as described in the bid specification be provided or performed.
4-3. It is the responsibility of the bidder to document and/or demonstrate the equivalency of the goods and services offered. The Township reserves the right to evaluate the equivalency of the goods and services.

4-4. In submitting its bid, the bidder certifies that the goods and services to be furnished will not infringe upon any valid patent or trademark and that the successful bidder shall, at its own expense, defend any and all actions or suits charging such infringement, and will hold the Township harmless from any damages resulting from such infringement.

4-5. Only manufactured and farm products of the United States, wherever available, shall be used pursuant to N.J.S.A. 40A:11-18.

**Article 5 - Interpretation And Addenda**

5-1. The bidder understands and agrees that its bid is submitted on the basis of the specifications prepared by the Township. The bidder accepts the obligation to become familiar with these specifications.

5-2. Bidders are expected to examine the specifications and related bid documents with care and observe all their requirements. Ambiguities, errors or omissions noted by bidders should be promptly reported in writing to the appropriate official. Any prospective bidder who wishes to challenge a bid specification shall file such challenges in writing with the contracting agent no less than three business days prior to the opening of the bids. Challenges filed after that time shall be considered void and having no impact on the contracting unit or the award of a contract pursuant to N.J.S.A. 40A:11-13. In the event the bidder fails to notify the Township of such ambiguities, errors or omissions, the bidder shall be bound by the requirements of the specifications and the bidder’s submitted bid.

5-3. As you read, list your questions in order referencing the page number and line item. Then direct those questions and concerns to the Purchasing Office at 231 Third Street, Lakewood, New Jersey, 08701, by phone at 732-364-2500 x5971 or by fax to 732-905-5964 during normal weekdays between 9:00 a.m. and 5:00 p.m. Any questions that cannot be answered with the information already provided in the bid package will be shared with all bidders and answered through an addendum. 5-4. All interpretations, clarifications and any supplemental instructions will be in the form of written addenda to the specifications, and will be distributed to all prospective bidders. All addenda so issued shall become part of the
specification and bid documents, and shall be acknowledged by the bidder in
the bid. The Township's interpretations or corrections thereof shall be final.
5-5. When issuing an addenda, the Township shall provide required notice prior
to the official receipt of bids to any person who has submitted a bid or who has
received a bid package pursuant to N.J.S.A. 40A:11-23c.1.

5-6. Discrepancies in Bids:
   a) If the amount shown in words and its equivalent in figures do not agree,
      the written words shall be binding. Ditto marks are not considered writing or
      printing and shall not be used.

   b) In the event that there is a discrepancy between the unit prices and the
      extended totals, the unit prices shall prevail. In the event there is an error of
      the summation of the extended totals, the computation by the Township of
      the extended totals shall govern.

5-7. If stated in the Notice to Bidders and/or the Detailed Specifications, a pre-
bid conference for this proposal will be held on the date, time and place stated.
Attendance is not mandatory, but is strongly recommended. Failure to attend
does not relieve the bidder of any obligations or requirements.

Article 6 - Exceptions To Specifications
6-1. The bidder shall understand that all requirements within these specifications
shall be provided as written unless the bidder has taken a specific exception.

6-2. Exceptions must be formally accepted by the Township.

6-3. Bidders are reminded that taking an "Exception" does not automatically
indicate that the bidder's proposal is "not equal". Each exception shall be
evaluated on its own merit based on the information supplied by the bidder.

6-4. Areas to be considered as exceptions include but are not limited to the
bidder's inability or unwillingness to comply with any requirement stated in the
complete bid package; or perform exactly as written; or to acquire the

6-7. Any and all documentation supporting the exceptions must be included with the bid proposal package in accordance with Article 4 - Brand Names, Standards Of Quality And Performance for evaluation purposes.

6-8. If discrepancies are found during the evaluation process between what is specified and what is offered by the bidder, the Township may reject the bid as informal and noncompliant.

6-9. Failure to provide the material described will subject any Bonds held by the Township to forfeiture, or the Township may deduct and retain out of the monies due, or which may become due, such sum as shall be sufficient to pay the difference between the prices on which the award is made and the prices which the Township may or shall be obliged to pay to procure such supplies from other parties, or as further defined in the Detail Specifications.

The following items 7-1 through 7-5 are only required when stated in the Notice to Bidders and/or the Detailed Specifications. Review the Bidders Checklist to see if the Bid Guarantee and Consent of Surety is required at the time of the bid submittal.
