

Lakewood DPW Begins Extended Summer Trash Dropoff Hours

As residents enjoy the summer season's long, warm daylight hours, the Lakewood Department of Public Works (DPW) has extended the hours of operation at its trash drop-off site.

Now through late September, residents can drop off trash on weekdays (Monday-Friday) from 7:30 am until 7:00 pm, four hours later than during the rest of the year. Saturday and Sunday hours remain the same, from 7:30 am until 3:00 pm.

The drop-off site is located at DPW Headquarters, 1 America Avenue, near the intersection of Cedarbridge and New Hampshire Avenues. Virtually all forms of bulk trash – including wood, metal, electronics, etc.- are accepted at the site. (Non-accepted items include construction material, paint and other hazardous material.)
